Re: Guided Pathways and Operation 100% - **“Conversations with Christine”**

Dear Program Faculty and All–

The singular goal of Operation 100% is 100% completion for students in degree, certificate, and/or transfer pathways.

Guided Pathways is one major project of Operation 100%, and . . .

**Are you curious about Guided Pathways? Do you have questions about Career Communities, Program Outcomes, and/or Program Maps? Do you need clarification on concepts and terms like “Program of Study,” “Programs,” and “Predictable Schedules?” Do you want clarification on Guided Pathways definitions, timelines, and process work? Do you have questions how the class(es) you teach fit(s) in? How your program fits in? Are you wondering about the bigger picture? Do you have ideas to share?**

Prof. Christine Conner is our Guided Pathways Project Coordinator and has answers to these questions and more.

Please join us for informal discussions with Christine at any or all of the below dates and times:
